This policy is reviewed and updated annually to ensure that emergency evacuation from examination rooms at St Michael's Church of England High School is managed in accordance with current requirements and regulations.

References in this policy to ICE refer to the JCQ publication **Instructions for conducting examinations**.

Introduction

An emergency evacuation is required where it is unsafe for candidates to remain in the examination room. This might include a fire, the fire alarm sounding to warn of fire, bomb alert or other serious threat.

In exceptional situations, where candidates might be severely disadvantaged or distressed by remaining in the room, the emergency evacuation procedure may also need to be followed. This might include situations where there is severe disruption in the examination room, serious illness of a candidate or invigilator or similarly serious incidents.

- As each incident may be different, advice will be sought (if applicable) from the relevant awarding body as soon as it is safe to do so, particularly where there is concern about the security of the examination(s) (ICE 25.4)
- Where candidates are unable to return to the building to complete the examination, the relevant awarding body will be contacted immediately for advice. The awarding bodies have procedures in place to ensure that candidates are not disadvantaged where they are unable to complete the examination due to circumstances beyond their control (ICE 24.5)

Purpose of the policy

The purpose of this policy is to confirm the arrangements at St Michael's Church of England High School for dealing with an emergency evacuation of an examination room by defining staff roles and responsibilities and confirming the emergency evacuation procedure.

This policy ensures compliance with JCQ regulations (ICE 25.2) which state that centres must have a written policy for dealing with emergency evacuation of the examination room which is subject to inspection by the JCQ Centre Inspection Service.

1. Emergency evacuation procedure

Actions taken in the event of an emergency evacuation of the examination room

At St Michael's Church of England High School, the following actions (in accordance with ICE 25.3) are taken if an examination room has to be evacuated:

- Candidates are instructed to stop writing
- The attendance register is collected (in order to ensure all candidates are present)
- The examination room is evacuated in line with the instructions given by the appropriate authority
- Candidates are instructed to leave all question papers and scripts in the examination room. Candidates are advised to close their answer booklet(s)
- Candidates are instructed to leave the room in silence
- Candidates are supervised as closely as possible while they are out of the examination room to make sure there is no discussion about the examination
- The time of the interruption is noted and how long it lasted
- Candidates are allowed the remainder of the working time set for the examination once it resumes
- If there are only a few candidates, the possibility is considered of taking the candidates (with question papers and scripts collected by the invigilator) to another place to finish the examination
- A full report is made of the incident and of the actions taken, and sent to the relevant awarding body

Additional actions taken:

In the event of a fire alarm, invigilators are trained to stop the candidates from writing, collect the attendance register (in order to ensure all candidates are present), advise candidates to leave all question papers and scripts in the examination room and evacuate the examination room in line with the instructions given by the appropriate authority.

- When/if allowed to return to the examination room, invigilators allow candidates time to settle down, reminding them they are still under formal examination conditions and that they must not open their answer booklets until instructed to do so
- Invigilators announce clearly to candidates when they may begin and how much time they have (the examination will formally restart at this point)
- Invigilators record the time the examination(s) restarted and amend the displayed finishing time(s) for all candidates to see
- Invigilators are trained to record as much detail on the exam room incident log when able to do so (ensuring candidates are continually supervised and giving complete attention to this duty at all times) and to ensure the exams officer is fully briefed at the end of the examination(s) to enable a full report to be submitted to the awarding body/bodies
- Where not allowed to return to the examination room, or the decision is made by the appropriate authority that the examination(s) cannot be resumed, the centre's Exam Contingency Plan will be invoked and invigilators/candidates briefed accordingly at the time

Further actions taken:

- not applicable
