Statement of intent

In our school, our Christian vision shapes all we do. All members of the school community are committed to upholding the St Michael's Church of England Christian values:

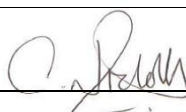

- to show love, care, and kindness to all in our community
- to value what we have and to share with others
- to enable everyone to achieve their full potential.

St Michael's Church of England High School takes the health and wellbeing of its students very seriously. As described in the Supporting Students with Medical Conditions Policy, the school aims to support students with physical disabilities and illnesses to enable them to have a full and rich academic life whilst at school.

The governing board recognises its duties and responsibilities in relation to the Equality Act 2010, which states that any student with an impairment affecting their ability to carry out normal day-to-day activities must not be discriminated against.

Students will always be treated with care and respect when intimate care is given, and no student will be left feeling embarrassed.

5. School responsibilities

5.1 Arrangements will be made with a multi-agency to discuss the personal care needs of any student prior to them attending the school.

5.2 Students who require intimate care will be involved in planning for their own healthcare needs wherever possible.

5.3 In liaison with the student and parents, an individual intimate care plan will be created to ensure that reasonable adjustments are made for any student with a health condition or disability if this is not covered in their care plan or in the Manual Handling Policy.

5.4 Regular consultations will be arranged with all parents and students regarding toilet facilities.

5.5 The privacy and dignity of any student who requires intimate care will be respected at all times.

5.6 A qualified member of staff will change the student or assist them in changing themselves if they become wet, or soil themselves.

5.7 Any student with wet or soiled clothing will be assisted in cleaning themselves and will be given spare clothing, nappies, pads, etc., as provided by the parents.

5.8 Members of staff will react to accidents in a calm and sympathetic manner.

5.9 Arrangements will be made for how often the student should be routinely changed if the student is in school for a full day, and the student will be changed by a designated member of staff.

5.10 The family's cultural practices will always be taken into account for cases of intimate care.

5.11 Where possible, only same-sex intimate care will be carried out.

5.12 Parents will be contacted if the student refuses to be changed or becomes distressed during the process.

7. Safeguarding

- 7.1 Staff members working directly with children will receive safeguarding training as part of their mandatory induction, in line with the Child Protection and Safeguarding Policy.
- 7.2 Intimate care is a regulated activity; therefore, only members of staff who have an enhanced DBS certificate with a barred list check are permitted to undertake intimate care duties.
- 7.3 Wherever possible, staff involved in intimate care will not be involved in the delivery of sex education to the students in their care as an extra safeguard to both staff and students involved.
- 7.4 Parents will come to an agreement with staff in determining how often their child will need to be changed, and who will do the changing.
- 7.5 Each student's right to privacy will be respected. Careful consideration will be given to each student's situation to determine how many carers will need to be present when the student requires intimate care. The school uses a ratio of 1:2.
- 7.6 If any member of staff has concerns about physical changes to a student's presentation, such as marks or bruises, they will report the concerns to the DSP immediately.
- 7.7 Special consideration will be taken to ensure that bullying and teasing does not occur.

Staff will be sensitive and sympathetic when changing students and will not make negative facial expressions or negative comments. Students' efforts will be reinforced by praise where appropriate.

- 9.9 Parents are consulted on the approach to toilet training their student to ensure there is consistency with the approach at home. Students' progress is discussed at handover with parents. If any student is struggling with toilet training techniques or has any issues, e.g., a rash, this will be discussed with the headteacher and the student's parents.
